Arabic — Native

English — Advanced

CERTIFICATIONS / TRAINING

The Bit Course — Torino Academy

Virtual Training, Business Fundamentals

MIRA SAADE

COMPUTER SCIENCE STUDENT | FRONTEND DEVELOPMENT & UI/UX DESIGN

PROFILE

Final-year Computer Science student with a strong interest in frontend development and UI/UX design, backed by hands-on experience building complete mobile, web, and desktop applications. Comfortable translating ideas into clean, functional interfaces, with some hands-on exposure to Canva. Confident public speaker who enjoys presenting ideas and projects. Dean's List student with a 3.52/4.00 overall GPA and 3.71/4.00 latest-semester GPA, pursuing frontend, UI/UX, and software engineering roles to apply and grow practical skills.

PROJECTS

SudoMind *Android Sudoku App · Kotlin, Android Studio*

- Built a full-featured Sudoku app end-to-end, including a custom hint engine based on real Sudoku solving techniques.
- Designed the app's UI/UX, including daily challenges, streak tracking, in-app events, statistics, multiple themes, and a settings system.
- Identified and resolved bugs across game logic and UI, and continue to iterate on new features and polish.

CrimeTracker *Android + Web Crime Reporting System · Kotlin, PHP, MySQL*

- Developed a dual-platform system combining a native Android app with a PHP/MySQL web backend for logging and browsing crime reports.
- Implemented photo, video, and audio evidence handling and integrated Firebase backend services.
- Improved the UI/UX for crime listings and resolved Android build and configuration issues.

More projects (chess AI, tourism guide app, algorithm visualizers, and more) available at my [portfolio](#).

EXTRACURRICULAR

Active Member — IEEE Student Branch, American University of Technology
SYPLC '25 — IEEE Young Professionals Lebanon

Nov. 2025, Beirut Arab University Tripoli
